

To our patient families,

As you know the COVID-19 situation is changing rapidly. We feel very blessed to have you as part of our dental family and have your health and wellness in mind. The office did close on the recommendation of the CDC and ADA on March 17.

Governor Pritzker has now called for shelter in place that has extended the closure through April 7. For now, we are planning on reopening on April 8 unless further changes take place.

We will be seeing patients on an emergency basis. If you have a dental problem that needs addressing, please call the office. An emergency number will be given if no one is there to take your call.

Thank you for your patience and understanding during this strange and difficult time. Stay well and hope to see you soon!!!
